3 well-established tour companies in Honolulu have suspended operations because of drop in business, leaving some purveyors with unpaid bills amounting to millions of dollars. There were some 100,000 fewer customers in '80 than '78. Among factors cited for decline are increasing numbers of tourists coming in with package tours and smaller margin of profits made by tour organizers because of air fare increases. Hotel occupancy is also down, and there are smaller than usual crowds at restaurants (S)..)

FTC and Civil Aeronautics Bd's Consumer Advocate Office have undertaken comprehensive Govt investigation of tour charter field in effort to grapple with alleged abuses such as hotel overbooking, misleading ad and misrepresentation by travel agents and wholesalers. Petition by CAB's Consumer Advocate Office would drastically increase Govt controls over tour organizers and require host of consumer safeguards. Probes were initiated following consumer complaints about OTC, short for one-stop inclusive tour charters, that allows individual Amers to avail themselves of reduced charter air fare formerly granted only to members of lodges, professional socs and similar affinity groups (L)..)

NY Times survey says more Amers are traveling this yr, their wanderlust rekindled by resurgent econ conditions, cut-rate tour packages and their own accumulated restlessness after a yr or more of canceled trips and closer-to-home vacations. Says travelers are taking more last-min trips, more frequent, shorter holidays, longer summer vacations and more low-cost package tours. US Passport Office in Washington confirms passport applications have increased avg of 13% a mo over '75. Travelers are switching back to plane travel from cars. CAB and FTC are both investigating possibility of fraud in new category of group flights--called OTCs--which offer vacation deal of hotel and air fare at lower, group rates without condition of membership in group. Travel agents rept that, except for well-known Northeast historical sites, natl bicentennial celebration seem to be adding little to travel volume (M.).

CHICAGO--(BUSINESS WIRE)--Oct. 8, 1996--The industry's most comprehensive self-service travel software, United Connection, today unveiled its new 2.0 release featuring the exclusive fare shopping function -- SuperShopper.

"SuperShopper greatly expands our FareShopper(R) function and gives users of United Connection the best search capabilities for low airline fares," says United Airlines Director-Electronic Distribution Mark Koehler. "No other travel software on the market today can match the power of SuperShopper."

United Connection's SuperShopper allows travelers to find the best available fares for a specific itinerary, (other PC travel products often show fares which are unavailable). With the click of the mouse, SuperShopper searches up to 4,800 flights not only on United Airlines, but on more than 500 worldwide airlines to find the lowest available fare.

United Connection also offers real-time, self-service reservations for 30,000 hotel properties and 45 car rental agencies.

"Checking 4,800 flights for lower fares in a few seconds exceeds anything available in the consumer marketplace to date," adds Koehler. "For do-it-yourself travelers, United Connection can't be beat."

Additional features of United Connection include:

- Profile Functions that keep track of personal travel preferences such as aisle/window seating, special meals, and particular hotel/car features;
- E-Ticket Service available on United-operated flights;
- Real-Time Flight Arrival and Departure information, including gates and times on United flights;
- Mileage Plus account information, including summaries of recent activity;
- Seat maps for United Airlines flights that reflect real-time availability;
- New Printing functionality for Mileage Plus summaries, flight availability reports, and receipts for E-Ticket purchases;
- A Help System for questions, including a toll-free support desk helpline.

United Connection users also receive 500 Mileage Plus bonus miles for every round-trip that is reserved and purchased via the software and flown on United Airlines, Shuttle by United or United Express through Dec. 31, 1997. In addition, users can receive 500 bonus miles when they reserve and purchase hotel reservations with Westin, or reserve and purchase car rentals from Alamo or Dollar through Dec. 31, 1996. Using United Connection, a traveler could earn up to 1,500 in bonus miles for each trip they arrange.

United Connection CD-ROM and diskette versions can be ordered for only \$4.95 (shipping & handling) by calling 1-800-482-2696, or can be downloaded for free from the United Airlines Web site at [www.ual.com](http://www.ual.com). The software also can be obtained when purchasing any U.S. Robotics Sportster desktop modem, or as part of the new Travel CD Piranha Pack from Piranha Interactive Publishing.
